Classic
WORLD

Classic Toys (Ningbo) Co., LTD., founded in 1998, is a well-established toy manufacturer in Ningbo, China. Having built our company from the ground up, we highly value hard work, reliability, and creativity. With 20,000 square meters of production plants and more than 500 employees, our clean and modern facilities are capable of large scale production but with a touch of small. We put much time and effort into designing our products so that our toys are enjoyable for our children. Changes in perception and updated policies are always put in place to adapt to our customer's requirements. We continuously make improvements not only to meet safety requirements but also to exceed them. In doing so, both our customers and we keep high reputation.

Classic Education serves as a high-quality educational toys brand who supply kindergartens and daycare institutions in China and aboard. In last past decade, Classic has cooperating with well-known early education institutions, like oriental baby-love, My Gym, RYB Learning Center, Gymboree and so on., as a trusted partner. By advocating for the nature in playing environment, we encourage the children for active learning and creative thinking. Classic Education provides a happy and intelligent childhood for children!

In addition to vast experience, Classic Education also has a professional sales and training team, an experienced installation team, and strong logistics support. Based on our customers' needs, we offer pre-sale and after-sales service, and regular customer visits - all with the purpose of leaving a trustworthy impression on our customers!

about us

Quality & Safety

Classic World has been supplied toys to children all over the world for more than 50 countries. At Classic World, we set the bar high for quality. We know that our children deserve only the best toys. We ensure this with our rigorous quality inspection process by strictly following the international standard include ISO 9001:2000, Quality Management System, EN and ASTM standards. We use a sustainable material that is coming from nature. We practice to make environment friendly production process to provide a safe and clean world for our children.

Materials

Introduction to Imported Finnish Wood:
It undergoes preservative treatment and possesses antifungal, mold-resistant, and termite-proof properties, demonstrating exceptional adaptability to varying temperatures and humidity levels. With a relatively high density, it is resistant to rot when exposed to water, featuring anti-odor, anti-mold, non-blackening, preservative, thermal insulation, termite-proof, mosquito-proof, anti-odor, and antistatic characteristics. Additionally, it is resistant to deformation and wear, exhibiting prominent physical properties such as compression resistance, shear resistance, and strong nail-holding ability. Its natural color and grain, combined with its simple design and smooth lines, perfectly embody the high-quality texture and natural beauty of the product.
